

What's New in SharePoint 2013? A Hands-On Experience

Wednesday, August 21, 2013
8:30-10 AM; 11 AM-12:30 PM
Emperor's Ballroom II
HAND5A; HAND5B

Session Information

Many law firms use SharePoint for intranets, extranets, collaboration, workflow social networking and search. SharePoint 2013 is the new way to work together! A simplified user experience helps you organize, sync and share all your content.

New social capabilities make it easy to share ideas, keep track of what your colleagues are working on and discover experts you never knew existed. Let's explore how the changes in SharePoint 2013 will enhance the use and effectiveness of SharePoint in the legal environment.
