## TRICIA DACHEL

Senior Manager of Application Development  
Foley & Lardner, LLP

---

With over 20 years of experience in software development, Tricia Dachel is the Senior Manager of Application Development at Foley & Lardner LLP, leading a team of nine developers plus summer interns. Tricia is involved in all aspects of software project development including project intake and vetting, managing the development lifecycle, and overseeing ongoing maintenance. She also keeps a focus on the end user experience and usability of applications under development. Before moving to Foley, Tricia worked in software development at Motorola for 15 years.

## JESSICA HACKETT

Litigation Knowledge Management Attorney, Online Services Manager  
Baker Donelson

---

Jessica is the Online Services Manager at Baker Donelson, managing the development of legal applications tailored for client needs and market demand. She also manages the Knowledge Management venture funds for the firm's Advocacy and Financial Services departments.

Jessica joined Baker Donelson's Knowledge Management department in 2013 after several years as a litigator and judicial law clerk. Leveraging her background in information technology, business, and law, she is an adjunct professor for the University of Memphis and Christian Brothers University.

## JEFF SABADO

Director of Technology Solutions

Davis Wright Tremaine, LLP

---

Jeff is the DWT De Novo technologist and Director of Technology Solutions at Davis Wright Tremaine. He regularly works with clients and lawyers to build tailored solutions, and brings larger firm-wide technology ideas to life. Jeff has more than 20 years' experience managing and developing software applications, mostly in the legal industry. His philosophy merges technology with the end-user experience to create more efficient and effective systems to increase output and workplace satisfaction. His dedication earned him ILTA's IT Professional of the Year award in 2016.
